AUFSTELLUNG

1-2x Cronos - Equipped with: Spirit Vortex, Spirit Syphon, Spirit-leech Tentacles

ABILITIES

Pain Engine (Aura)

Each time you spend 1 Pain token to Empower a friendly unit within 9" of this unit, roll one D6, adding 1 to the result if one or more models in this unit are not equipped with a spirit vortex: on a 5+, you gain 1 Pain token.

Designer's Note: Pain tokens you spend for reasons other than Empowering a unit do not trigger this ability.

Pain Parasite (Pain)

In your Shooting phase or the Fight phase, when you select this unit to shoot or fight, you can spend 1 Pain token to Empower this unit. While Empowered, each time this unit shoots or fights, after it has resolved its attacks, if one or more enemy models were destroyed as a result of those attacks, one model in this unit regains up to 3 lost wounds (if all models in this unit have their starting number of wounds and this unit is below its Starting Strength, 1 model is returned to this unit with 3 wounds remaining).

WEAPON RULES

ANTI

This ability always takes the form **[ANTI-X Y+]**. Each time an attack is made with an **[ANTI]** weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

*Example: An attack made with an **[ANTI-VEHICLE 4+]** weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an **[ANTI-PSYKER 2+]** weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.*

BLAST

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

IGNORES COVER

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

TORRENT

Each time an attack is made with a **[TORRENT]** weapon, that attack automatically hits the target.

CORE RULES

◆ **Deadly Demise 1**

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

◆ **Feel No Pain 5+**

This ability always takes the form Feel No Pain X+. Each time a model with this ability would lose a wound, roll one D6: on an X+, that wound is not lost.
