AUFSTELLUNG

3-6x Shroud Runner - Equipped with: Close Combat Weapon, Shuriken Pistol, Long rifle, Scatter Laser

ABILITIES

Invulnerable Save (5+*)

Models in this unit have a 5+ invulnerable save against ranged attacks.

Target Acquisition

In your Shooting phase, after this unit has shot, select one enemy unit hit by one or more of those attacks made with a long rifle. Until the end of the phase, that enemy unit cannot have the Benefit of Cover.

WEAPON RULES

ASSAULT

Units containing one or more models with an **ASSAULT** weapon can shoot using **assault** shooting (10.05).

PISTOL

PISTOL and **CLOSE-QUARTERS** are identical for all rules purposes.

Units containing one or more models with a **CLOSE-QUARTERS** weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding **MONSTER/VEHICLE** models), you can only select one of the following to make attacks with:

- One or more of its **CLOSE-QUARTERS** weapons.
- One or more of its other ranged weapons.

PRECISION

While resolving attacks made with one or more **PRECISION** weapons, at the start of the Allocation Order step (05.03), if the target unit contains one or more **CHARACTER** models visible to one or more of the attacking models, the active player can select one allocation group that contains one of those visible **CHARACTER** models. If they do, until those attacks are resolved, or until that **CHARACTER** group is destroyed (whichever happens first), that **CHARACTER** group is the current allocation group.

SUSTAINED HITS

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

CORE RULES

◆ Scouts 9"

This ability always takes the form Scouts X". In the Resolve Pre-battle Abilities step, if every model in a unit has this ability, you can do one of the following:

- If that unit is in strategic reserves, you can set up that unit anywhere that is wholly within your deployment zone.
- If that unit is wholly within your deployment zone, it can make a scout move.
- If that unit is embarked within a DEDICATED TRANSPORT that is wholly within your deployment zone, and if every model embarked within that DEDICATED TRANSPORT has the Scouts ability, that DEDICATED TRANSPORT can make a scout move.

◆ Stealth

If every model in a unit has this ability, each time a ranged attack targets that unit, that unit has the benefit of cover against that attack (13.08).
