AUFSTELLUNG

1x Venom

Equipped with: Splinter Cannon, Twin Splinter Rifle, Bladevanes

Wargear Options:

- This model can replace its Twin Splinter Rifle with Splinter Cannon.

ABILITIES

Aerialists

At the end of the Fight phase, if there are no models currently embarked within this TRANSPORT, you can select one friendly DRUKHARI INFANTRY unit that has 6 or fewer models that is wholly within 6" of this TRANSPORT (you cannot select a unit that can FLY). Unless that unit is within Engagement Range of one or more enemy units, it can embark within this TRANSPORT. That unit can embark within this TRANSPORT in a turn it disembarked from this TRANSPORT.

Rapid Deployment (Pain)

In your Movement phase, when you select this model to Advance, you can spend 1 Pain token to Empower this model. While Empowered, units can disembark from this model after it has Advanced. Units that do so count as having made a Normal move that phase, and cannot declare a charge in the same turn, but can otherwise act normally in the remainder of the turn.

Venom (Transport)

Capacity: This model has a transport capacity of 6 DRUKHARI INFANTRY models (excluding JUMP PACK models).

Before the battle, at the start of the Declare Battle Formations step, you can select one KABALITE WARRIORS, HAND OF THE ARCHON or WYCHES unit from your army that has not already been split. If you do, that unit is split into two units, each containing as equal a number of models as possible (when splitting a unit in this way, make a note of which models form each of the two new units). One of these units must start the battle embarked within this model; the other can start the battle embarked within another TRANSPORT, or it can be deployed as a separate unit.

WEAPON RULES

ANTI

This ability always takes the form **[ANTI-X Y+]**. Each time an attack is made with an **[ANTI]** weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

*Example: An attack made with an **[ANTI-VEHICLE 4+]** weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an **[ANTI-PSYKER 2+]** weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.*

ASSAULT

Units containing one or more models with an **[ASSAULT]** weapon can shoot using **assault** shooting (10.05).

SUSTAINED HITS

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

TWIN-LINKED

Each time an attack is made with a **[TWIN-LINKED]** weapon, you can re-roll the wound roll.

CORE RULES

◆ Deadly Demise 1

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

◆ Deep Strike

Each time this unit makes an ingress move (20.04), if every model in this unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from all enemy units, even if that is within your opponent's deployment zone.

◆ Firing Deck 6

This ability always takes the form Firing Deck X. In your Shooting phase, each time this TRANSPORT is selected to shoot, if one or more units are embarked within it, resolve the following sequence:

1. Select up to X models embarked within this TRANSPORT (excluding models whose units have already been selected to shoot this phase).
2. For each selected model, select one of its ranged weapons (excluding **[ONE SHOT]** weapons).
3. Until this TRANSPORT has resolved all of its attacks, it has all of those selected weapons in addition to its other weapons.
4. Until the end of the turn, units embarked within this TRANSPORT are not eligible to shoot.

◆ Stealth

If every model in a unit has this ability, each time a ranged attack targets that unit, that unit has the benefit of cover against that attack (13.08).
