AUFSTELLUNG

1x Culexus Assassin

Equipped with: Animus speculum, Life-draining touch

ABILITIES

Abomination

This model has the Feel No Pain 2+ ability against Psychic Attacks.

Esoteric Explosives

Each time this model is targeted with the Grenades Stratagem, 1 mortal wound is inflicted for each D6 roll of 3+ instead of for each 4+

Etheric Emergence

In your Movement phase, when this model is set up on the battlefield using the Deep Strike ability, it can perform an etheric emergence. If it does, this model can be set up anywhere on the battlefield that is more than 6" horizontally away from all enemy units, but until the end of the turn, it is not eligible to declare a charge.

Shadow Assignment

This model cannot be selected as your WARLORD. If your army faction is AGENTS OF THE IMPERIUM, then during the Declare Battle Formations step, you can replace this model with a different OFFICIO ASSASSINORUM model, provided that the points value of the new model does not exceed the points value of the model it replaced. Your army cannot include duplicates of the same model (i.e. after replacing this model with this rule, your army cannot have more than 1 VINDICARE ASSASSIN, it cannot have more than 1 CULEXUS ASSASSIN, it cannot have more than 1 EVERSOR ASSASSIN and it cannot have more than 1 CALLIDUS ASSASSIN).

Soulless Horror

Once per battle, at the start of any Command phase, this model can use this ability. If it does, each enemy unit within 9" of this model must take a Battle-shock test, subtracting 1 from that test (or subtracting 2 if that unit is a PSYKER).

WEAPON RULES

ANTI

This ability always takes the form [ANTI-X Y+]. Each time an attack is made with an [ANTI] weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

Example: An attack made with an [ANTI-VEHICLE 4+] weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an [ANTI-PSYKER 2+] weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.

ASSAULT

Units containing one or more models with an [ASSAULT] weapon can shoot using **assault** shooting (10.05).

DEVASTATING WOUNDS

Each time an attack made with a [DEVASTATING WOUNDS] weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.

Mortal wounds inflicted by [DEVASTATING WOUNDS] weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.

Example: An attack made with a [DEVASTATING WOUNDS] weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.

PRECISION

While resolving attacks made with one or more [PRECISION] weapons, at the start of the Allocation Order step (05.03), if the target unit contains one or more CHARACTER models visible to one or more of the attacking models, the active player can select one allocation group that contains one of those visible CHARACTER models. If they do, until those attacks are resolved, or until that CHARACTER group is destroyed (whichever happens first), that CHARACTER group is the current allocation group.

CORE RULES

Assigned Agents

If your army Faction is not AGENTS OF THE IMPERIUM, but every model in your army has the IMPERIUM keyword, you can include AGENTS OF THE IMPERIUM units in your army even if they do not have the Faction keyword you selected in the Select Army Faction step. In this case, the maximum number of AGENTS OF THE IMPERIUM units you can include in your army depends on the battle size, as shown below.

Incursion: 1 RETINUE, 1 CHARACTER, 1 REQUISITIONED

Strike Force: 2 RETINUE, 2 CHARACTER, 1 REQUISITIONED

Onslaught: 3 RETINUE, 3 CHARACTER, 2 REQUISITIONED

Note that you can include AGENTS OF THE IMPERIUM DEDICATED TRANSPORT units in such an army as normal, but each unit must start the battle with one or more units embarked within it, or it cannot be deployed for that battle and will count as having been destroyed during the first battle round.

Deep Strike

Each time this unit makes an ingress move (20.04), if every model in this unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from all enemy units, even if that is within your opponent's deployment zone.

Lone Operative

Unless part of an attached unit, this unit is not visible to enemy models unless they are within 12" of this unit, and it cannot be targeted by [INDIRECT FIRE] weapons unless the attacking model is within 12" of this unit.

If this ability takes the form Lone Operative X", unless part of an attached unit, this unit is not visible to enemy models unless they are within X" of this unit, and it cannot be targeted by [INDIRECT FIRE] weapons unless the attacking model is within X" of this unit.

Stealth

If every model in a unit has this ability, each time a ranged attack targets that unit, that unit has the benefit of cover against that attack (13.08).
