AUFSTELLUNG

1x Hellhound

Equipped with: Chem cannon, Heavy bolter, Heavy flamer, Hunter-killer missile, Inferno cannon, Melta cannon, Multi-melta, Armoured tracks

Wargear Options:

- This model can be equipped with 1x Hunter-killer missile.
- This model can replace its Heavy flamer with Multi-melta or Heavy bolter.
- This model can replace its Inferno cannon with Chem cannon or Melta cannon.

ABILITIES

Damaged: 1-4 Wounds Remaining

While this model has 1-4 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Flush Them Out

In your Shooting phase, after this model has shot, select one enemy unit that was hit by one or more of those attacks. Until the start of your next Shooting phase, that unit is scattered. While a unit is scattered, it cannot have the Benefit of Cover.

WEAPON RULES

ANTI

This ability always takes the form **[ANTI-X Y+]**. Each time an attack is made with an **[ANTI]** weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

*Example: An attack made with an **[ANTI-VEHICLE 4+]** weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an **[ANTI-PSYKER 2+]** weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.*

BLAST

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

IGNORES COVER

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

MELTA

This ability always takes the form **[MELTA X]**. Each time a model makes an attack with a **[MELTA]** weapon, if the target unit was within half range of that weapon in the Select Targets step, until the attacking unit's attacks have been resolved, add X to that weapon's D characteristic.

*Example: A model targets a unit that is within half range of a **[MELTA 2]** weapon with a D characteristic of D6. While resolving those attacks, that weapon has a D characteristic of D6+2.*

ONE SHOT

Each weapon with this ability can only be selected to make attacks with once per battle.

If a destroyed model is returned to a unit, all of its **[ONE SHOT]** weapons that have already been selected to make attacks with during the battle cannot be selected to make attacks with again.

If a new unit is added to an army, all **[ONE SHOT]** weapons in that unit can be selected to make attacks with once per battle.

SUSTAINED HITS

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

TORRENT

Each time an attack is made with a **[TORRENT]** weapon, that attack automatically hits the target.

CORE RULES

◇ Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
