AUFSTELLUNG

1x Repulsor Executioner

Equipped with: Heavy Laser Destroyer, Heavy Onslaught Gatling Cannon, Icarus Rocket Pod, Ironhail Heavy Stubber, Repulsor Executioner Defensive Array, Twin Icarus ironhail heavy stubber, Twin heavy bolter, ► Macro Plasma Incinerator - Standard, ► Macro Plasma Incinerator - Supercharge, Armoured Hull

Wargear Options:

- This model can be equipped with 1x Icarus Rocket Pod.
- This model can be equipped with 1x Ironhail Heavy Stubber.
- This model can replace its Macro Plasma Incinerator with Heavy Laser Destroyer.

ABILITIES

Damaged: 1-5 Wounds Remaining

While this model has 1-5 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Executioner

Each time this model makes an attack that targets a unit that is Below Half-strength, add 1 to the Hit roll.

Transport

This model has a transport capacity of 7 Adeptus Astartes Infantry models. Each Jump Pack, Wulfen, Gravis or Terminator model takes up the space of 2 models and each Centurion model takes up the space of 3 models.

WEAPON RULES

ANTI

This ability always takes the form [ANTI-X Y+]. Each time an attack is made with an [ANTI] weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

Example: An attack made with an [ANTI-VEHICLE 4+] weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an [ANTI-PSYKER 2+] weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.

BLAST

Each time you gather attack dice for a [BLAST] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [BLAST X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

Example: If a [BLAST 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).

DEVASTATING WOUNDS

Each time an attack made with a [DEVASTATING WOUNDS] weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.

Mortal wounds inflicted by [DEVASTATING WOUNDS] weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.

Example: An attack made with a [DEVASTATING WOUNDS] weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.

HAZARDOUS

Each time a unit is selected to shoot or selected to fight, after that unit has resolved all of its attacks, make a number of hazard rolls (06.03) for that unit equal to the number of [HAZARDOUS] weapons you selected in the Select Weapons step.

HEAVY

In your Shooting phase, each time an attack is made with a [HEAVY] weapon, add 1 to the hit roll if all of the following apply to the attacking unit:

- That unit is unengaged.
- That unit was not set up on the battlefield this turn.
- No model in that unit has moved more than 3" this turn.

RAPID FIRE

This ability always takes the form [RAPID FIRE X]. Each time you gather attack dice for a [RAPID FIRE] weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

Example: If a [RAPID FIRE 1] weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).

SUSTAINED HITS

This ability always takes the form [SUSTAINED HITS X]. Each time an attack made with a [SUSTAINED HITS] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

Example: An attack made with a [SUSTAINED HITS 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [SUSTAINED HITS 2] ability).

TWIN-LINKED

Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.

CORE RULES

◆ Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
