AUFSTELLUNG

1x Storm Eagle Gunship [Legends]

Equipped with: Twin heavy bolter, Twin hellstrike launcher, Twin lascannon, Twin multi-melta, Vengeance launcher, ► Typhoon missile launcher - frag, ► Typhoon missile launcher - krak, Armoured hull

Wargear Options:

- This model can replace its Twin heavy bolter with Twin multi-melta or Typhoon missile launcher.
- This model can replace its Two twin hellstrike launchers with Two twin lascannons.

ABILITIES

Armoured Resilience

Each time an attack is allocated to this model, subtract 1 from the Damage characteristic of that attack.

Damaged: 1-6 wounds remaining

While this model has 1-6 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Storm Eagle Gunship (Transport)

Capacity: This model has a transport capacity of 22 <FACTION> INFANTRY models and 1 DREADNOUGHT model. Each JUMP PACK, WULFEN, GRAVIS, TERMINATOR or POSSESSED model takes up the space of 2 models and each CENTURION or OBLITERATOR model takes up the space of 3 models.

WEAPON RULES

BLAST

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

MELTA

This ability always takes the form **[MELTA X]**. Each time a model makes an attack with a **[MELTA]** weapon, if the target unit was within half range of that weapon in the Select Targets step, until the attacking unit's attacks have been resolved, add X to that weapon's D characteristic.

*Example: A model targets a unit that is within half range of a **[MELTA 2]** weapon with a D characteristic of D6. While resolving those attacks, that weapon has a D characteristic of D6+2.*

SUSTAINED HITS

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

TWIN-LINKED

Each time an attack is made with a **[TWIN-LINKED]** weapon, you can re-roll the wound roll.

CORE RULES

◇ Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

◇ Hover

Each time this unit takes to the skies (21.03), do not subtract 2" from the maximum distance.
