

CURSED LEGION

ENHANCEMENTS

Destroyer Ankh

20 pts

The bearer has the Destroyer Cult keyword. Add 2" to the Move characteristic of models in the bearer's unit and add 2 to the Attacks characteristic of melee weapons equipped by the bearer.

Murdermind

15 pts

The bearer has the DESTROYER CULT keyword. Add 3" to the Move characteristic of the bearer.

Mark of the Nekrosor

20 pts

Each time a model in the bearer's unit makes an attack, add 1 to the Hit roll.

Cursed Circlet

25 pts

Each time an enemy unit is selected to shoot, after that unit has shot, if any models from the bearer's unit were destroyed as a result of those attacks, the bearer's unit can make a Surge move. To do so, roll one D6: the bearer's unit can be moved a number of inches up to the result, but the bearer's unit must finish that move as close as possible to the closest enemy unit (excluding Aircraft).

When doing so, those models can be moved within Engagement Range of that enemy unit. A unit cannot make a Surge move while it is Battle-shocked.

DETACHMENT-REGEL

- Add 2 to the Strength characteristic of weapons equipped by Destroyer Cult models from your army.

- The first time each turn that a Destroyer Cult unit from your army makes attacks that destroy a unit or cause it to become Below Half-strength, after that unit has finished resolving its attacks, until the end of the turn, add 2 to the Strength characteristic of weapons equipped by friendly Necrons models (excluding Destroyer Cult, Monster and Titanic models).
