

BLOOD LEGION

12 Stratagems · 4 Enhancements

ENHANCEMENTS (4)

Fury's Cage

20 pts

LEGIONES DAEMONICA KHORNE MONSTER model only. Each time the bearer is selected to fight, it can use this Enhancement. If it does, the bearer suffers D3+1 mortal wounds, and until the end of the phase, each time it makes an attack, you can re-roll the Hit roll and you can re-roll the Wound roll.

Brazenmaw

15 pts

LEGIONES DAEMONICA KHORNE model only. Add 2 to Charge rolls made for the bearer's unit.

Slaughterthirst (Aura)

25 pts

LEGIONES DAEMONICA KHORNE model only. While a friendly LEGIONES DAEMONICA KHORNE unit (excluding MONSTERS) is within 6" of the bearer, weapons equipped by models in that unit have the [LANCE] ability.

Gateway Unto Damnation

10 pts

LEGIONES DAEMONICA KHORNE MONSTER model only. The bearer's Deadly Demise ability inflicts mortal wounds on a D6 roll of 2+ instead of on a 6. In addition, if the bearer has destroyed one or more enemy units this battle, the bearer has the Deadly Demise D3+3 ability, instead of any other Deadly Demise ability on its datasheet.

DETACHMENT RULE

At the end of a phase in which a Legiones Daemonica Khorne unit from your army destroyed an enemy unit that was within range of an objective marker at the start of the phase, if your unit has a higher Level of Control over that objective marker, that objective marker remains under your control until your opponent's Level of Control over that objective marker is greater than yours at the end of a phase.
