ENHANCEMENTS (4)

Maggot Maws

15 pts

LEGIONES DAEMONICA NURGLE model only. In your Shooting phase, select one enemy unit within 6" of the bearer; that enemy unit must take a Battle-shock test. Then roll one D6: on a 3+, that enemy unit suffers D3 mortal wounds. Each time the bearer uses this Enhancement, no mortal wounds are inflicted by your army's Daemonic Terror rule.

Font of Spores (Aura)

20 pts

LEGIONES DAEMONICA NURGLE MONSTER model only. While a friendly LEGIONES DAEMONICA NURGLE unit is within 6" of the bearer, improve the Armour Penetration characteristic of weapons equipped by models in that unit by 1.

Cankerblight (Aura)

15 pts

LEGIONES DAEMONICA NURGLE model only. Each time an enemy unit (excluding MONSTERS and VEHICLES) that is within 6" of the bearer fails a Battle-shock test, the bearer can use this Enhancement. If it does, one model in that unit is destroyed (chosen by its controlling player). Each time the bearer uses this Enhancement, no mortal wounds are inflicted by your army's Daemonic Terror rule.

Droning Shroud (Aura)

35 pts

LEGIONES DAEMONICA NURGLE MONSTER model only. While a friendly LEGIONES DAEMONICA NURGLE unit is within 6" of the bearer, that unit can only be targeted by a ranged attack if the attacking model is within 18".

DETACHMENT RULE

While an enemy unit is within 9" of one or more Legiones Daemonica Nurgle units from your army, that enemy unit is within your army's Shadow of Chaos. In each player's Command phase, select one enemy unit within your army's Shadow of Chaos. That unit must take a Battle-shock test.
